Mayor J. M. Steverson looked well after the town's part in the prosecution of the two liquor cases in court the term just closed. There are others who need a little touch of court life. Citizens of Moscow should realize that the sale of the stuff draws only an undesirable class of people here, who when full of whiskey generally start trouble, Somebody was doing a fair business in this way here Saturday as several signs showed. It seems the recent fates of two blind tigers do not deter others from carrying on this kind of business

Amid a throng of friends, acquaintances and relatives, estimated at from was. 200 to 300 persons, who gathered Sunday afternoon at Shady Grove Cemetery, to do honor to a departed Woodman and citizen, the unveiling ceremonies over the monument of the late John D. Crossett was conducted by members of Moscow Camp Woodmen of the World, of which deceased was at the time of his death, Consul Commander. The poem, "Oh Why Should the Spirit of Mortal be Proud", was splendidly rendered by Miss Bulah Sadler, daughter of Mr. and Mrs. H. B. Sadler, the former an ardent member of the order. The oration was well said by Prof. J. B. Summers who had but little time to prepare for the occasion yet whose touching words upon life, npon the departed Sovereign, and the great order of which deceased was a member was feelingly and forcefully spoken. The drill team headed by Captain R. N. Ware deserves mention while the officers of the camp carried out their respective parts nicely. Another important part in an affiair of this kind was the singing so well rendered by Mesdames Crook, Musgrave, Bevis and Misses Lena Morris and Helen Ware, Mr. Johnson and others. A ceremony

#### Entertained.

One of the most enjoyable and brilliant affairs at Macon of the summer was an ice cream supper given by the Golden Hour Club in the beautiful home of Mr. and Mrs. F. J. McRee on Friday evening, July 21st.

The guests were charmingly welcomed by the hostess, assisted by Miss Lucy Tate Chambers.

The rooms open to the guests were artistically decorated, and several interesting games were enjoyed thruout the evening.

In the dining room covers were laid for fifty guests and delicious Ice cream and cake were served.

Each participant regretted to see the midnight hour approach and to have to bid farewell to an evening of laughter "A Guest."

## Don't Buy a Wagon Until You Have Seen the Weber

Before you decide on any wagon, examine the WEBER. Strongly built of the best possible material the WEBER wagon gives the most satisfactory service for the longest period of years. There is no secret in the notedly long life of the WEBER wagon. It is the result of the methods employed in construction. There is no wood in this wagon which has not been air-dried under shelter from one to two years.

The axles and the spokes of the wheels are hickory; the hounds, bolsters and sandboards are oak, and the bottom of the box is straight grained flawless pine. These are just a few examples of the care which is taken to make this wagon as reliable as possible. The result is that the WEBER wagon is unbeatable in reliability and endurance. Come in and examine it for yourself. We know you will be pleased.
